

Walk & Roll-Fitness for All Kanawha County Schools - Elk Elementary

Main Goal

To expand a school walking track to promote inclusive, accessible physical activity for youth

500+

Individuals impacted in Kanawha County

Designed to support future wheelchair accessibility

Integrated into academics and special education use

Rural youth may face barriers to safe, inclusive physical activity. Improving school walking tracks helps support daily movement and participation for all abilities.

Intended Changes

Expand opportunities for physical activity that benefit students with disabilities and families with limited access to recreational spaces

ActiveWV 2030
Physical Activity
Plan Sector:

Community Recreation,
Fitness, and Parks

The Bottom Line

Plans for the inclusive walking track will give youth and community members more chances to be active and enjoy the outdoors, creating a space that's accessible to all abilities and families who may not otherwise have safe, nearby places to move.
